## BITCOIN & MAJORS

WHAT A BEGINNING TO THE YEAR THIS HAS BEEN. WE'VE SEEN STUFF DOING 10X, BITCOIN PUSHED 40,000 AND THE TOTAL MARKET EVEN BROKE A TRILLION DOLLARS. WHAT DOES THIS MEAN FOR THE FUTURE? I THINK IT MEANS QUITE A FEW THINGS. ONE TRILLION WAS A MILESTONE FOR A FEW REASONS. IT WAS THE PREVIOUS ALL TIME HIGH, ITS A PSYCHOLOGICAL MILESTONE BEING ONE TRILLION AND MOST IMPORTANTLY IT SIGNIFIES PRICE DISCOVERY.

PRICE DISCOVERY IS WHEN AN ASSET BREAKS INTO ALL TIME NEW HIGHS AND CONTINUES DISCOVERING THE PRICE ITS SUPPOSED TO BE WORTH. USUALLY WHEN A STOCK OF CRYPTO BREAKS ALL TIME HIGH IT SEES MASSIVE GAINS. WE'VE SEEN THIS HAPPEN A LOT BEFORE. WHEN BITCOIN BROKE 19,000 IT ALMOST IMMEDIATELY PUSHED 40. IN THE PAST FEW WEEKS BITCOIN HAS COOLED OFF ALLOWING SOME INDICATORS TO RESET WHICH ALLOWED ALTCOINS TO HAVE A GOOD COUPLE WEEKS. IN THE NEAR FUTURE I SEE BITCOIN BREAKING OUT OF THIS TRIANGLE ITS FORMING AND HEADING NORTH TOWARDS 50,000. WHEN IT BREAKS ALTS WILL NOT PUMP AND MORE THAN LIKELY SEE A SIGNIFICANT DUMP.

THE MARKET IN MY OPINION IS REALLY OVERSOLD ON A LOT OF THESE ALTCOINS WHICH WOULD LET ME KNOW ITS ABOUT TIME FOR BITCOIN TO PUMP. UNI SWAP A CALL I MADE EARLIER THIS MONTH HAS SEEN ALMOST 700% GAINS. IT WAS SIGNALLED AT 3.00 AND HAS RECENTLY PUSHED 20.00. I THINK ALOT OF THESE NEWER CRYPTOCURRENCIES ARE GOING TO HAVE AMAZING YEARS.

WHY DO I THINK NEWER ONES WILL DO BETTER THAN OLDER ONES? FOR A FEW REASONS, IN 2017 THE SAME THING THATS HAPPENING RIGHT NOW HAPPENED. ALTS ABSOLUTELY SKYROCKETED AND THEN RETAIL CAME IN AND GOT DUMPED ON. THOSE LEFT BAG HOLDERS FOR THINGS LIKE LITECOIN AND BCH AND OLDER MAJORS. THESE HAVE ALOT MORE RESISTANCE TO GO UP, THERE'S PEOPLE WAITING TO BREAK EVEN, THERE'S PEOPLE WAITING TO GET OUT AND QUIT, THERE'S JUST A LOT OF BUYERS AT EXPENSIVE OR WHAT WE KNOW AS EXPENSIVE PRICES. UNI SWAP WHICH WAS REALEASSED IN THE PAST FEW YEARS HAS NO BUYERS AT ANYTHING ABOVE 20.00 BECAUSE THATS ITS MOST RECENT AND ALL TIME HIGH. THE LESS PEOPLE WHO ARE WAITING TO SELL, THE LESS LIQUID THE COIN, THE MORE ITS GONNA PUMP.

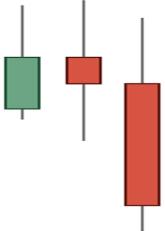

ALTCOINS. WHAT EVERYONE IS TALKING ABOUT. I TALKED ABOUT BUYING ALTS FOR A REALLY LONG TIME, ALMOST ALL OF DECEMBER AND MOSTLY INTO JANUARY. WELL I THINK WE'VE SEEN SOME IMPRESSIVE GAINS. WHILE I DONT THINK THE BULL MARKET IS COMPLETELY OVER THERE ARE SOME THINGS TO TAKE NOTE. WHEN ALTS PUMP ITS USUALLY BECAUSE THE AMOUNT OF MONEY BITCOIN HAS COMPARED TO THE REST OF THE ENTIRE CRYPTOCURRENCY MARKET WHICH IS CALLED BITCOIN DOMINANCE IS BELOW 55% WHEN ITS HIGHER THAN THAT USUALLY BITCOIN IS THE ONLY THING PUMPING, AND ALTS ARE DUMPING. WHEN ITS LESS THAN THAT AMOUNT BITCOIN IS USUALLY RANGING AND ALTS ARE PUMPING. THATS WHAT HAS BEEN HAPPENING THE PAST FEW MONTHS. IN THE COMING WEEKS I EXPECT BITCOIN TO FINALLY TAKE OFF AGAIN LEAVING ALOT OF THESE ALTS TO SUFFER. I WOULD LIKE I SAID IN DISCORD BEGIN SCALING OUT OF SOME OF THESE POSITIONS AND WAITING FOR A CHEAPER BUY IN. SOME OF THINGS I'VE SIGNALLED HAVE DONE ABSOLUTELY CRAZY NUMBERS AND NO ONE EVER GOT POOR TAKING PROFITS OFF THE TABLE.

SOME ALTS I LIKE COMING INTO THE NEXT FEW WEEKS, WHI WE CAN LOOK TO BUY THE DIP ON.

- UNI: PUSHED 20\$ THIS WEEK ANYTHING UNDER 8\$ IS A BUY.
- LINK: CONSOLIDATING UNDER 25\$, LOAD YOUR BAGS NOW
- ETH: I THINK ETH HAS A DUMP IN IT. LOOK TO BUY ANYTHING SUB 1K.
- = DOT: HARD TO FIND ON US EXCHANGES BUT IF YOU CAN BUY SOME THIS IS GONNA BE A MEGA MONSTER
- SNX: HAS BEEN CONSOLIDATING IF IT DOESNT BREAK 20, ID EXPECT A PULL BACK INTO SINGLE DIGITS.
- COMP: ANOTHER ETH TOKEN THAT LOOKS REAL PROMISING ON COINBASE ANYTHING NEAR 200-300\$ ID PICK IT UP.

## WSB & MARKETS

SO I KNOW MANY OF YOU ARE VERY FRUSTRATED THAT YOU ARE UNABLE TO BUY/SELL/TRADE WHATEVER ASSETS YOU WANT TO. IN PARTICULAR IM REFERRING TO COINBASE, ROBINHOOD, TD, AND ANY EXCHANGE WHICH WOULDNT LET YOU BUY INTO THOSE STOCKS THAT WERE PUMPING.

I HAVE A SOLUTION AND ITS CALLED DECENTRALIZATION AND INTERNATIONAL EXCHANGES. FTX WHICH IS THE CURRENT MARKET I USE MOST FREQUENTLY DOESNT REALLY VERIFY USERS ON PAR WITH OTHER EXCHANGES ALLOWING YOU TO REALISITCALLY GET ON THERE AND TRADE. THEY NEVER LIMITED DOGE OR ANY OF THE OTHER STOCKS. YOU CAN TRADE ALL CRYPTOS BUT FOR STOCKS YOU HAVE TO HAVE A REAL KNOW YOUR CUSTOMER SO ITS NOT REALLY POSSIBLE.

OTHER THINGS TO TAKE NOTE OF. I KNOW ITS REALLY COOL SEEING PEOPLE MAKE MILLIONS AND THINK YOU CAN DO IT TOO. CHANCES ARE YOU CANNOT AND YOULL GET DUMPED ON. DO NOT OPEN BUYS FOR THE PREMARKET ON MONDAY THE S&P LOOKS HORRIBLE. I EXPECT A BIG DUMP COMING MONDAY BECAUSE BIDEN IS FINALLY IN OFFICE AND CHANGING WHATEVER TRUMP HAD GOING ON THIS IS GONNA GREATLY EFFECT THE CURRENT STOCK MARKET RUN WE HAVE GOING ON. I THINK WE COULD SEE A BIG SELL OFF WHICH WOULD TANK ANY OF THOSE HYPE STOCKS. I COULD BE WRONG BUT ANYTIME THE ENTIRE WORLD IS MAKING MONEY ITS ABOUT TIME THAT THEY LOSE IT ALL.

## DOGE

RECENTLY IVE LOVED TRADING THINGS THAT ARE STRONG AND THIS IS ONE OF THOSE THINGS THERE IS LOTS OF RETAIL BEHIND THIS, AND USUALLY SCAMS PUMP THE HARDEST SO I EXPECT THIS TO DO WELL. IT PUSHED ALMOST 8 CENTS AND SINCE THEN HAS DRAWN BACK DOWN TO ALMOST 2 CENTS. I THINK THIS IS A REALLY NICE BUY, WHEN THINGS DUMP 80% IT USUALLY MEANS THE SELLING IS OVER AND IS COILED UP TO PUMP. ID BUY SOME HERE BECAUSE I THINK THE ENTIRE CRYPTO MARKET PUMPS ALL YEAR AND DOGE IS GOING TO BE CARRIED ALONG WITH IT BECAUSE ITS THE COIN FOR SOME REASON MOST PEOPLE OUR AGE OWN...
